

OVERVIEW

Embedded software is available for a growing number of leading manufacturers' hardware devices that provides integration with Pcounter enabling accounting of walk-up copying and secure print release with pull-printing capability, directly from the touch screen of the MFD.

KEY FEATURES

- Direct integration between MFDs and Pcounter
- Real-time copier control and accounting
- Secure print release with pull-printing
- Configurable authentication options: ID, network login, password, card, PIN

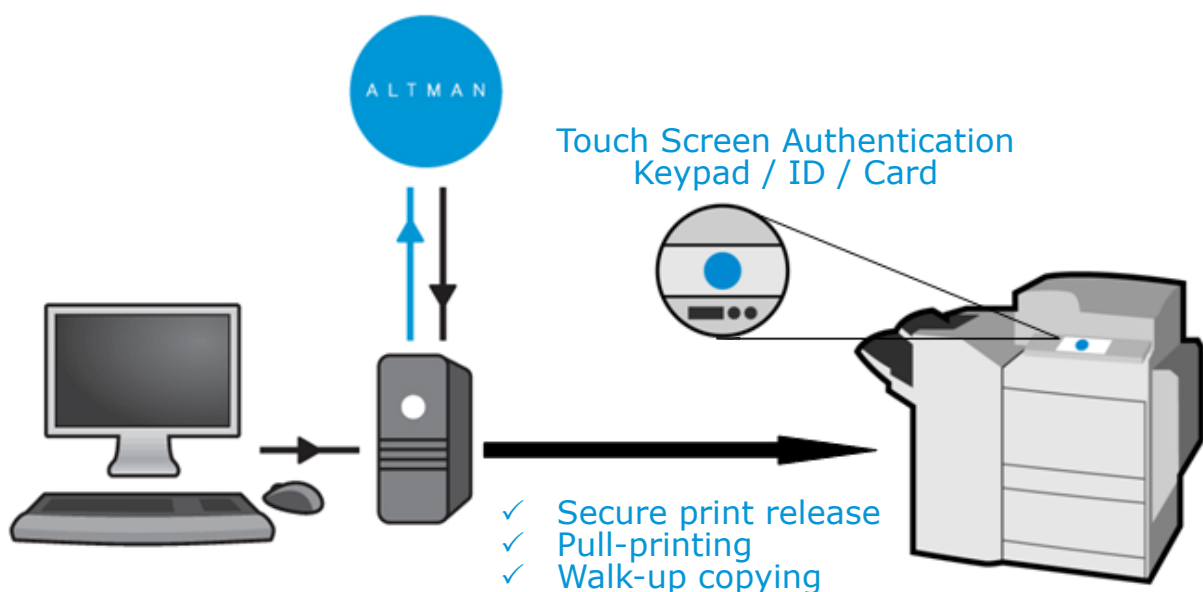

KEY BENEFITS

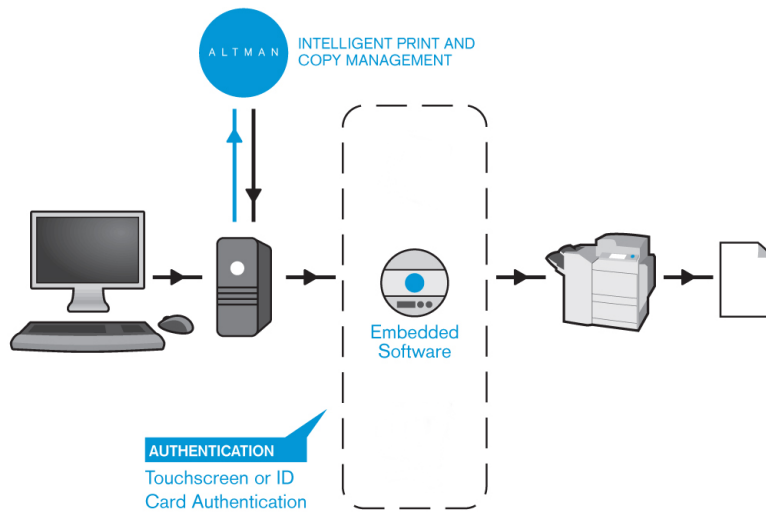

- Centralised, integrated accounting and reporting
- Single network purse for all copy and print transactions
- Flexible, configurable authentication for secure access
- Low cost compared with external hardware devices
- Small footprint – low energy – environmentally friendly
- Single network connection & power source

Datasheet

Embedded Device Software

Integration between Pcounter and Multi Function Devices

EMBEDDED DEVICE TECHNICAL SPECIFICATIONS

System Requirements:

- Microsoft Windows Server 2003
- Windows XP Professional
- Windows 2000 Professional or Server (Service Pack 3 or later required)
- Pcounter PRO
- Supports Pcounter on both Windows and NetWare platforms
- Manufacturer's hardware architecture dependencies vary
- Embedded compatibility with specific devices should be checked with Altman Technologies

EVALUATION PROCESS

Evaluation available – download from www.altman.co.uk. For more information please contact our solutions team on 0113 273 0300 or email solutions@altman.co.uk.
