

OVERVIEW

Pcounter Workstation Manager (PCWM) is an additional Pcounter module enabling users to monitor & report on all print output generated from locally (ie USB, Parallel, IP) attached printers.

All print transactions can be logged centrally in Pcounter's log file. PCWM has similar functionality to the Pcounter for Windows server software, enabling enforcement of rules based on paper size, prices (including colour/duplex multipliers) and local printer page count limits, as well as support for Popup confirmation and charge-back functions.

KEY FEATURES

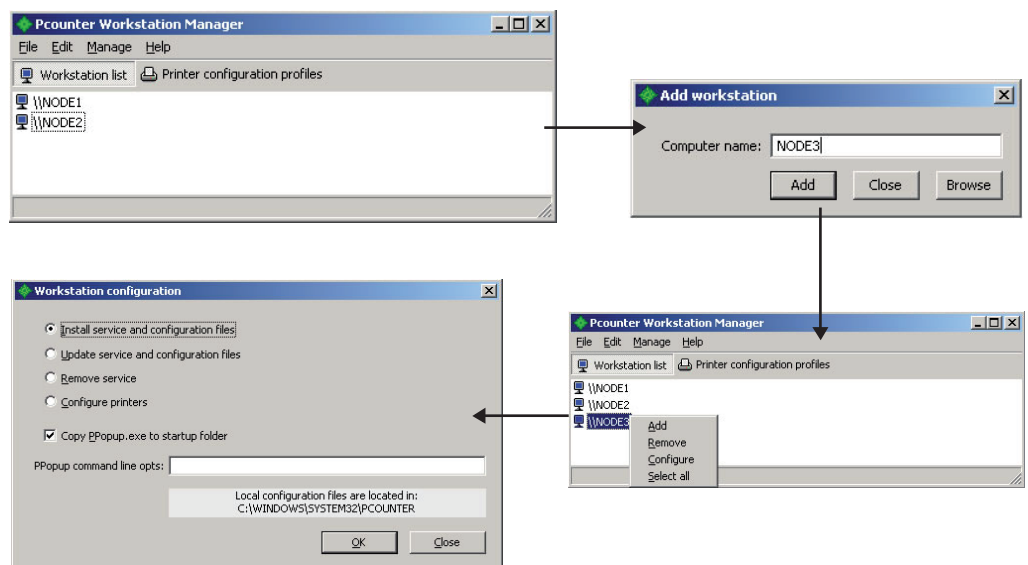

- Monitoring, accounting, reporting and control for locally attached printers
- Enables page count limits to be set per device
- Supports print job confirmation Popup for warning/advice purposes
- Allocate costs to individual accounts, departments, projects or external clients
- Centralised server-based configuration and rollout
- Global and group printer policy definitions

Datasheet

Pcounter Workstation Manager

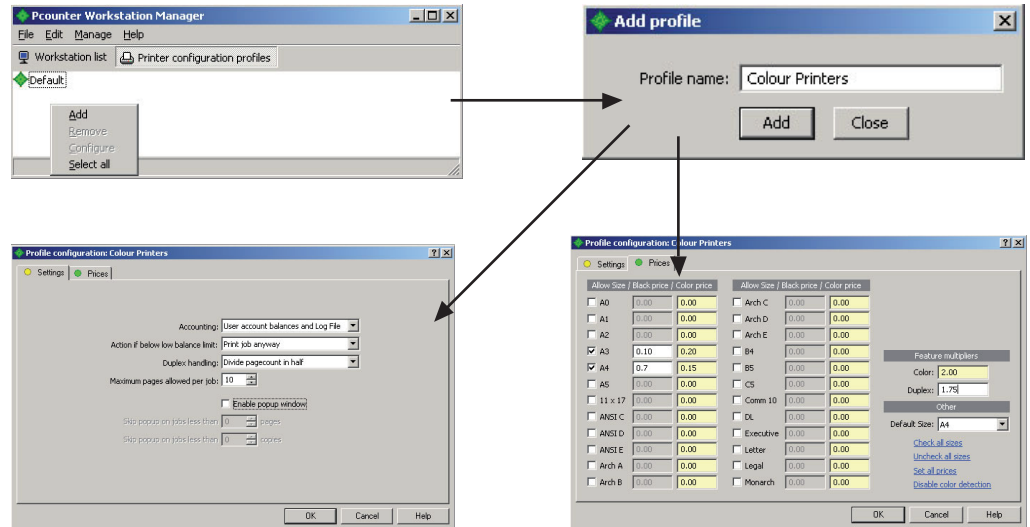

Print Auditing & Accounting for Locally Attached Print Devices

CENTRALISED INSTALLATION, CONFIGURATION & DEPLOYMENT

CENTRALISED CONFIGURATION OF POLICY PROFILES PER DEVICE OR BY GROUP

Set page sizes allowed, cost per page, colour/duplex multipliers, page count limits and Pop up confirmation messages.

- ✓ Do you have PCs with locally attached printers?
- ✓ Do you wish to control the costs of these printers?
- ✓ Do you wish to encourage or enforce the use of lower cost network devices?
- ✓ Do you wish to allocate the costs of printing to departments, projects or clients?

KEY BENEFITS

- Centralised accounting, reporting and control for all types of print output
- Eliminates waste and misuse
- Enforces organisational print policy rules – e.g. lowest cost output
- Enables charge-back and cost-recovery, internally and externally
- Low total cost of ownership, rapid return on investment
- Supports rationalisation and consolidation of print-devices

TECHNICAL SPECIFICATIONS

Requires Pcounter server licence
Requires Windows 2000 or later

EVALUATION PROCESS

Free 60 day evaluation available to download from www.altman.co.uk. Live demonstrations or webinar overviews can be arranged. For more information please contact our solutions team on 0113 273 0300 or email solutions@altman.co.uk
