

OVERVIEW

XPR WebPay allows print and copy accounts to be topped-up or managed online. It is easy to use, quick and secure. WebPay reduces cash handling for the host organisation. Account holders benefit from improved accessibility to their account and it eradicates the need to visit a kiosk or pay-desk to top-up. Users can top-up from their home, office or even iPhone: anywhere there is an instant connection

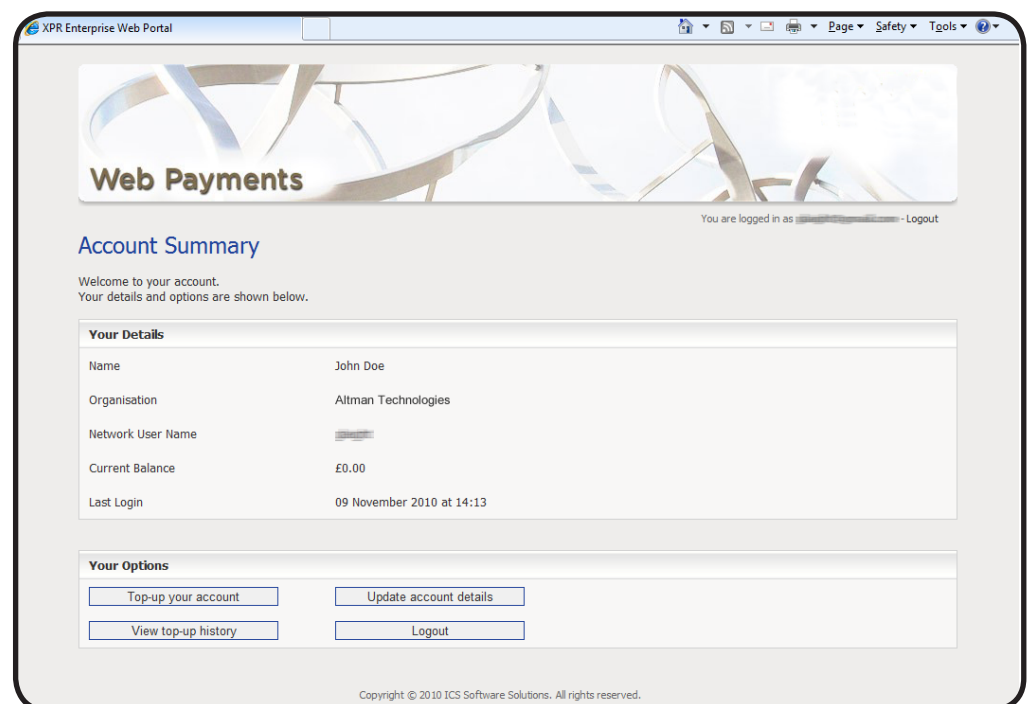

KEY FEATURES

- ✓ Top-up and account management is easy from any internet connected device
- ✓ Supports all major credit and debit cards
- ✓ Simple new user registration
- ✓ Transactions are implemented instantly
- ✓ Transaction history is stored for view
- ✓ Online display is customised (branded) for each host organisation and delivers seamless integration to the host's website

Datasheet
