

## DURATION

1 day 9.30am-5.00pm

## COURSE DESCRIPTION

This course is intended to build on the knowledge and skills acquired from attendance on the Installation and Configuration Course (although attendance is not compulsory), and cover the wider solutions of Pcounter including Pcounter Popup, Pcounter Station, Copier Integration, Monetary Payment Options, Advanced Reporting, Web Based Facilities and Troubleshooting.

## WHO SHOULD ATTEND?

This course is intended for administrators and other technical personnel who are responsible for the day-to-day operation of Pcounter. Particularly for those interested in the wider deployment of Pcounter.

## PRE-REQUISITES

Delegates attending must have downloaded and installed Pcounter and have a general understanding of Pcounter configuration.

## Course Details

# Pcounter - The Wider Solution

Enterprise Print & Copy Management

## OBJECTIVES

Upon completion of this course you should be able to:

- ✓ Understand and correctly implement the Pcounter Popup facility for confirmation messages, departmental billing and client codes
- ✓ Configure and maintain Pcounter Web Based Functions
- ✓ Successfully run reports using the standard Pcounter application and add on features of Web Based Reporting and XPR
- ✓ Understand and be aware of the different payment/cost recovery options available with Pcounter with particular reference to Value Loader options
- ✓ Understand and describe the options available for copier control solutions with Pcounter
- ✓ Successfully install and configure Pcounter Station
- ✓ Competently support and maintain the system on a day to day basis
